## PIGMENT OFF® GUIDELINE FOR TRAINING

Professional PigmentOff® technique removal is carried out only by the trained specialists. PigmentOff® Distributors, who have experience in training, can organize courses for specialists in the permanent make-up, microblading and tattoo removal within the Territory agreed in the license agreement.

The Licensor PigmentOff® (BeautyCase Cosmetics GmbH) establishes the following regulations:

- 1) All PigmentOff® distributors, who wish to conduct training, shall receive a written permission or the Licensor's consent to conduct training within their Territory.
- 2) Training within the Territory of another PigmentOff® distributor is not allowed without his written consent.
- 3) The training is conducted only in accordance with the methodology and in accordance with the guidelines of the PigmentOff® System.
- 4) The Licensor reserves the right to control the quality of the training.
- 5) Only the Licensor and his working distributors have the right to issue the certificates after completing the training.
- 6) All certificates are registered under the record numbers in the PigmentOff® database.
- 7) After each training the Distributor is obliged to inform the Licensor about the names, surnames and addresses of the trainees, in order to register them in the database and issue the certificates.

These guidelines are equal for all PigmentOff® distributors.
